

Chime live

The show goes on: Interactive live video stream event services

Keep your event on track with a virtual experience that's engaging, flexible and supported by a team of experts.

With the COVID-19 crisis and mandated social distancing impacting the events industry, you may think cancelling your meeting is the only option. But we can help you 'pivot to virtual' with Chime Live.

Bring Everyone Together

Chime Live can help overcome the challenge of bringing remote presenters and participants together for your event.

At home, at work or at the venue, Chime Live connects everyone via livestream enabling you to carry on with keynote presentations, topic streams and breakouts as planned.

Elevate Engagement & Measure Results

- Present Keynotes, Tracks & Breakouts with live or recorded in-app video
- Allow participants to view Presentations & take Notes
- Give the audience an opportunity to Ask Questions and Upvote their favourite ones
- Increase interactivity with Polling, Word Clouds and Heatmaps
- Capture Feedback
- Build in opportunities to Network with Chat and Social

Flexible Solution & Service

Chime Live is a flexible solution that's ideal for the current remote working environment, where both live and recorded video can be incorporated.

And when face-to-face meetings are once again safe to deliver, Chime Live can deliver even higher production values for your virtual or hybrid meeting broadcasts.

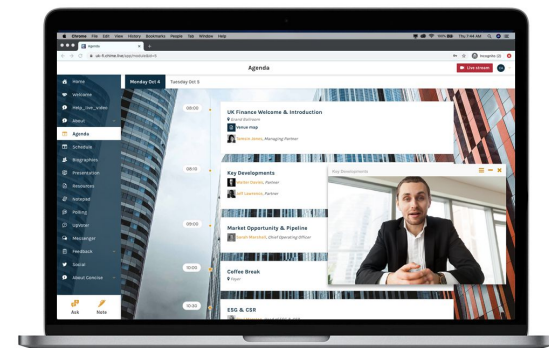

Having the ideal virtual format and the right support tools for your event matters. Our team of experts will listen to your needs and provide expertise to incorporate the right technology, testing, staging and interactivity to support your meeting objectives.

Remote presenters can join from different locations.

Attendees can participate and interact from anywhere on any device.
